Report accompanying the estimate for laying underground sewers to Okalipuram layout, Bangalore.

Board meeting
28/10

Okalipuram layout is proposed to be formed in the area bounded by Magadi road on the East, Bangalore. Poona Railway line on the North, Magadi Valley on the West and the new link road on the North. Since private property has to be acquired if the entire layout is to be formed only a small portion bounded by points A B C D E F G H I as marked in the Plan has been tackled now and roads have been formed. In the sanctioned estimate for this portion of the layout a provision of Rs.17,325/- is made for laying of underground sewers for the 77 sites of this area. This approximate provision was made according to population at 5 persons per site at Rs.45/- per head.

Detailed and abstract estimates for laying sewers for this portion of the layout under formation which has been prepared after detailed surveys is submitted herewith. The difference between the original sanctioned figure and the amount of the detailed estimate now submitted is due to the reason explained above.

The rates proposed are in accordance with the tender rates received for 1954-55 which is 17½% below the sanctioned schedule of rates, since the work is proposed to be completed during the current year only on pieace of work system

To

The Secretary to the Government of Mysore,
Education and Local Self Government Departments,

Sir,

B a n g a l o r e.

Subject:- Estimate for Laying under-ground sewers to a portion of Oaklipuram Layout and linking the same to Magadi Valley Outfall.

With reference to your letter No.L.7201 dated 15-9-55 I wish to inform you that the Under-ground Drainage Works in City Improvement Trust Board are being executed on Piece-work System for the last two years. The works as per practice are being entrusted toseveral Piece-work Contractors at approved Piece-work Rate fixed on the basis of tenders invited for each year which will either be so much per cent above or below the Scheduled Rates for the particular year in question.

The lowest tender rate received during 54-55 for the Drainage Works is 17½% below the Schedule rates which has also been approved by the Trust Board and the Government vide Order No.L.5154-6/ITB.15-54-6 dated 3rd August 1954.

Pumpsite Works

The estimate accordingly provides the sanctioned Scheduled rates of 54-55 with 17½% reduction for the accepted tender rates. The estimate may therefore be kindly returned duly sanctioned very early.

Yours faithfully,

(Y.C. Hombalayya)
Chairman.
